

**Forefront Studies Program
on Civil and Environmental Engineering Towards Co-
Development of Asia and Japan(Admission October
2018)**

The Graduate School of Engineering and the Graduate School of Environmental Studies at Nagoya University will accept applications from foreign students who wish to pursue a doctoral or master's degree in the field of Civil and Environmental Engineering, with the financial aid of the Japanese Government (Monbu-Kagaku-sho; Ministry of Education, Culture, Sports, Science and Technology) Scholarship Program. This scholarship program provides a course specially designed for foreign students, in which course works and research supervision are carried out in English.

The selection will be made basically by the submitted documents and internet interviews, and any applicants do not have to visit Japan for an entrance examination. 5 DC students and 3 MC students will be accepted for this program and those who will pass the selection process will be allowed to enter in October 2018 with a scholarship granted by the Japanese Government.

■ Program Guidelines

Research Field

Course List and Graduation requirements

- Graduate School of Engineering
[Master's course], [Doctoral course]
- Graduate School of Environmental Studies
[Master's course], [Doctoral course]

■ Scholarship

The Forefront Studies Program offers the financial aid of the Japanese Government (Monbu-Kagaku-sho; Ministry of Education, Culture, Sports, Science and Technology) Scholarship Program.

The scholarship students will be selected from the successful applicants. If you are selected a scholarship student, the following are provided:

- Exemption from enrollment and tuition fees
- A monthly stipend of 144,000 yen for Master's student and 145,000 yen for Doctoral student
(subject to change depending on the annual budget of each year)
- Air ticket from/to the student's country

Requirements for Application

1. Applicants of the scholarship must be under 35 years of age as of April 1, 2018 (born on or after April 2nd, 1983).
2. If the applicant of the scholarship is currently staying in Japan or will keep staying in Japan between December 1st 2017 and September 30th 2018, he/she is not eligible to apply for this scholarship.
If the applicant is unable to make a decision, he/she should inquire in advance about the qualification.

Selection Method

1. Selection of successful applicants consists of a first (document) screening and second (interview: as a rule, applicants who do not reside in Japan will be interviewed via the Internet, Skype, etc.) screening.
2. Results of the first (document) screening will be announced via e-mail.
3. Applicants who successfully pass the first (document) screening will also be informed of the date of the second (interview) screening in the e-mail.
4. The second (interview) screening includes an oral examination on fundamental knowledge of your specialized field.

Schedule

- **Opening for application:** December 28, 2017
- **Closing for application:** January 31, 2018 by 16:00 (Japan Time)
- **Announcement of the first screening result:** The end of February, 2018
- **Announcement of the admission result:** March 31, 2018

Admission Procedure

1. Find a desired supervisor from the faculty list
[\[Faculty list\]](#)

2. Make contact with the desired supervisor by e-mail.
This process helps define your interests and aspirations, contributes to making your application successful,
and also serves to ensure the identification of the best possible supervisor for your needs.
3. Download the following documents and read it carefully.
 - Admission requirements for Environmental Studies of Nagoya University: [\[MC\]](#) [\[DC\]](#)
 - Application forms of the Japanese government (Monbukagakusho) scholarship: [\[Scholarship\]](#)
4. Send all required documents to the International Student Office of Civil Engineering
by the application deadline.
