

XVI International conference on Resource Economy, Climate Change and Environmental Management

XVI International conference on Resource Economy, Climate Change and Environmental Management, organized by the Russian Society of Environmental Economy, will be held in SibFU on 5-10 July 2021.

The upcoming conference will be devoted to the discussion of national and regional environmental policy, sustainable development of the territories and sectors of the economy, including challenges and prospects for the transition to a green economy, mechanisms of environmental protection and environmental economy. The participants will consider the opportunities of interaction between government, business and civil society in solving environmental and economic issues, discuss indicators and goals of sustainable development, as well as the peculiarities of their adaptation to national conditions.

The special attention will be drawn to the problems of effective development of the resources of the Arctic zone of Russia, the implementation of the Ecology national project, Russia's part of the obligations under the Paris Agreement, economic, environmental and social consequences of the COVID-19 pandemic.

The conference will also include a session for the youth.

To participate in the conference, register on the [conference website](#).

The proceedings will be published before the conference in electronic format with ISBN and published in e-Library ([eLIBRARY.ru](#)). All articles will be included in the Russian Science Citation Index ([РИНЦ](#)).

The selection of papers for participation in the conference will be carried out by the program committee, taking into account the quality of the materials and their relevance to the theme. The submission of papers will be at the [conference website](#).

The proceedings in electronic format will be published at the conference website before the conference.

Registration deadline: 15 June 2021 года.

Deadline for submission: 15 April 2021 года.
