

## **НИГЯР ХАШИМЗАДЕ , PhD**

**Профессор экономики Бизнес Школы Университета Дарэма**

### Биография

Нигяр Хашимзаде имеет степень PhD по экономике от Университета Cornell. Она занимается исследованиями по прикладной микроэкономической теории и временным рядам в экономической теории. До настоящего места работы она работала в университете Exeter и университете Reading. До этого она занималась исследованиями в области теоретической физики.

### Область исследовательских интересов

- Прикладная микроэкономическая теория
- Временной ряд в эконометрике
