

Expand Boundaries: SibFU PhD Defence in Spain

Event date: 30 june 2021, 15:00

Event place: Spain, Granada

On June 30, 2021, the University of Granada (Spain) will hold a SibFU and UGR PhD defence in the field of engineering sciences.

The applicant will be a graduate of Siberian Federal University Anastasia Safonova, with a thesis on Plant Species Detection in Aerial and Satellite Images using Deep Learning.

Anastasia Safonova is completing her double degree program under an agreement with the University of Granada (UGR, Spain). This is already the 16th defence of the SibFU PhD and the 1st defence which takes place at UGR, Spain.

A Dissertation Council for the defence includes:

Chairman: Eugene Vaganov, Doctor of Science (Biology), Academician of the Russian Academy of Sciences, Scientific Adviser of Siberian Federal University

Deputy Chairman: Pablo Mesejo Santiago, PhD, Professor, Department of Computer Science and Artificial Intelligence, UGR, Spain

Members of the Dissertation Council:

Mercedes Eugenia Paoletti Ávila, PhD, Professor, University of Extremadura, Spain

Juan Mario Haut Hurtado, PhD, Professor, National Distance Learning University, Spain

Gloria Ortega López, PhD, Professor, University of Malaga, Spain

Rosa Ana Montes Soldado, PhD, Professor, Department of Software Engineering, UGR, Spain;

Javier Cabello, PhD, Professor, University of Almería, Spain

Siham Tabik, PhD, Professor, Department of Computer Science and Artificial Intelligence, UGR, Spain;

Yurii Maglinets, Candidate of Science (Engineering), Assistant Professor, Professor of the Department of Artificial Intelligence Systems, School of Space and Information Technologies, SibFU

Scientific secretary of the Dissertation Council:

Salvador Gutiérrez Salcedo, PhD, Assistant Professor, Department of Computer Science and Artificial Intelligence, UGR, Spain

The defence will be held in English in remote mode, and available [via the link](#).

Password: 233464.
