

Historical Dance Ensemble involves students in performing early dance in Krasnoyarsk

The Krasnoyarsk Centre of Culture and Education hosted the annual costume ball of the Historical Dance Ensemble on 24 November. The student collective tries to promote European dance from the 12th to the 19th centuries. Valentina Pasechnikova, the ensemble head and a student from Siberian Federal University, says: «Our goal is to promote an alternative to night club dancing. Early dance is beautiful, elegant, refined and graceful».
