

Nonlinear Dynamics in Quantum Systems (Conference in Commemoration of Boris Chirikov)

Event date: 6–10 july 2009, 10:00

The Conference was held on **July 6-10, 2009** in Siberian Federal University. This conference continued a series of meetings devoted to Dynamical Chaos in classical and quantum systems. It was similar to that held in Novosibirsk in 2003, with a larger emphasis on quantum systems. In particular, special sessions were devoted to the dynamics of degenerate quantum gases and dynamical aspects of meso- and nano-systems. The conference abstracts are available in the following [document \(PDF\)](#).
