

Public lectures on protein crystallography by Professor James Liu

Event date: 1-2 march 2012

Event place: [пр. Свободный, 79.](#), ауд.13-07

Professor James Liu (Institute of Biophysics, Chinese Academy of Sciences, Beijing) will give public lectures at the Institute of Fundamental Biology and Biotechnology from 1 to 2 March 2012.

Students and faculty members will hear about the macromolecular structure, protein crystallography and its applications.

28 february 2012
